WALKER BAY

The World's Best 12' Outboard Console Tender.

Experience a new level of elegance and luxury with the Generation 12, a console tender designed for those who live to make the most of their time on the water. With outstanding craftsmanship, unparalleled performance, and superior comfort, the G12 sets a new standard for luxury tenders. The G12 is designed using the latest in building technology and lightweight materials with a focus on performance, comfort and versatility. The design and construction of the G12 make it easy to handle, transport and store.

Discover a thrilling combination of power and speed with a modified Deep V-hull that leads to an incredibly smooth ride and precise handling. You can also take your boating experience to the next level with a host of additional features that allow you to customize the boat to fit your taste and lifestyle.

Stainless steel cup holders, an acoustically designed sound system, fishing accessories and many other options are designed to help create an unforgettable boating experience.
