A NEW GENERATION OF LUXURY RIB TENDERS

Walker Bay GENERATION is the pinnacle of today's luxury yacht tenders. Elegant European Styling on top of a wide body sport hull, the Generation will expand your expectations in both function and comfort. Our attention to hull design and hydrodynamics engineered a best in class ride at cruising speeds. Seating and Storage for the entire family, come for a ride and see for yourself why Generation is the best boat for you.

1 Spacious open cockpit design. More room makes it easier to move around the boat.	2 Deep V Hull. More V than other boats its size means Generation handles rough water better and is more comfortable to drive.	3 Custom V-Fit integrated fuel tank below the floor and set into the Bow V, reduces vibration in rough chop, contributes to earlier planing, and leaves more space for storage.	4 Ergonomic console. Console design leaves more legroom for the driver and has more space for mounting extras.	5 Comfortable flush mount throttle location. Recessed beside driver so you don't have to stretch when throttling up.

6 Bow & stern steps with teak inlay recessed flush with no handles or railings to trip over.	7 Stern high back bench seat. Deeper seat and higher back rest for more support. Wrap around design gives security when riding in rough conditions.	8 Telescopic ski pole drops down when not in use. (400 and 450 Models Only).	9 Ample integrated dry storage provides more space for gear and passengers belongings.	10 Push button hydraulic stern storage hatch (400 and 450 Models Only).

GENERATION 340

The newest addition to the Generation family, the Generation 340 is an amazing accomplishment for a boat of its size. It has the same layout as the larger 360 model so it feels nearly the same while driving while actually being smaller and lighter overall.

LENGTH 3.40m / 11'2"	BEAM 1.78m / 5'10"	CAPACITY 5 PERSONS	MAX. POWER 30kw / 40hp
--------------------------------	------------------------------	------------------------------	----------------------------------

GENERATION 360

The Generation 360 is exceptionally spacious for a boat its size. A walk through interior allows for easy maneuverability and ample storage keeps the cockpit free and clear. The console has more legroom for the driver and room to stretch out a leg while the heavy-duty, high-density cushions provide exceptionally comfortable seating.

LENGTH 3.63m / 11'11"	BEAM 1.83m / 6'	CAPACITY 5 PERSONS	MAX. POWER 30kw / 40hp
---------------------------------	---------------------------	------------------------------	----------------------------------

GENERATION 400

The ride of all Generation boats is made safe and comfortable due to the integrated bow fuel tank and Deep-V hull. This combination makes it solid feeling over rough chop while being quicker to plane. Ample storage is standard in any Generation with bow and stern storage compartments plus the innovative hydraulic rear hatch found on both the 400 and 450 models.

LENGTH 4.00m / 13'1"	BEAM 1.97m / 6'5"	CAPACITY 7 PERSONS	MAX. POWER 37.3kw / 50hp
--------------------------------	-----------------------------	------------------------------	------------------------------------

GENERATION 450

The exceptional ride of the 450's Deep V Hull plus the additional 75HP rating will leave you exhilarated at speed. The integrated ski pole and boarding ladder, standard on both the 400 and 450, come in handy for more fun on and in the water. Top that off with a smoked windscreen, all stainless components and recessed teak steps. The Generation 450 is at the top of its class.

LENGTH 4.50m / 14'9"	BEAM 2.14m / 7'	CAPACITY 8 PERSONS	MAX. POWER 55.94kw / 75hp
--------------------------------	---------------------------	------------------------------	-------------------------------------
